Why Attend...

- ✦ This learning experience will increase your range of choice and understanding about how to reach your own unlimited potential and help others achieve theirs. The eclectic methods and skills you'll gain represent the best from **Milton Erickson**, the famous work of **Dave Elman**, and the powerful hypnotic skills of **NLP** and **Human Patterning**
- ✦ Our commitment to being **eclectic** is grounded in many years of successful experience with many forms of hypnotherapy. We focus on the most important issues and modalities in substantial depth.
- ✦ We always emphasize working interactively with the **whole person**, clearing underlying causes of unwanted attitudes, behavior, and emotions.
- ✦ And we teach how to tap into the many forms of **wisdom** and **healing** capabilities of the subconscious mind.
- ✦ A **combination** of appropriate systems of hypnotherapy over a series of sessions will usually yield the most profound, lasting results for yourself and your clients. In addition, the trainings are fun and lively!
